

VISALIA MAKES ITS OWN APPORTIONMENTS DISPLAY; YOU CAN TOO!

When Visalia UMC borrowed an Apportionments Display some months ago to have in the local church, church leaders decided they'd like to have the materials available to the congregation all the time. The Foundation sent them a list of the display resources (many of which cost only for shipping), so they could put together their own display.

Now is a terrific time to borrow or put together an Apportionments Display to use during your annual stewardship campaign! Contact the Foundation for assistance.
